

# Cultured Marble

BY AZ COUNTERTOPS INC.

*A*Z Countertops Inc. is the market leader in providing Cultured Marble Products. Cultured Marble is a precise blend of polyester resin, catalyst, fillers and pigments, thoroughly mixed and placed into molds. The gelcoat is especially formulated to produce a tough, durable, non-porous and shiny surface. Cultured marble is stain resistant and easy to maintain.

*W*e offer many products in Cultured Marble; bathtubs, shower pans, vanity tops and wall panels. Since Cultured Marble is a molded product you have the option of adding an integrated sink and backsplash. We can add custom veining and colors.
